

# Climate संवाद

A series of Talks on issues related to **Climate Change**

DISCUSSING CHALLENGES  
**FINDING SOLUTIONS**

**Climate संवाद** will primarily focus on disseminating knowledge on contemporary challenges, issues, strategies and best practices related to Climate Change among Stakeholders. This will support in institutionalizing Climate Knowledge needed for robust planning and implementation of Climate Action. This will also help in synergizing different sectoral climate strategies.

**Eminent Movers in the field of Climate Change Action will be delivering talks with an aim to benefit Policy Planners, Government Departments/agencies, Researchers, Students and other stakeholder.**
